

Box trolley with platform h55_59

Medium painted steel platform trolley, 500x900 mm, 300 kg capacity. Equipped with tubular handle and solid rubber wheels for intensive logistics.

The **medium box trolley** is a professional solution designed for the efficiency of internal logistics in warehouses, workshops and production departments. The structure is characterized by a **tubular load-bearing handle** that ensures a firm grip and facilitates pushing and pulling operations, reducing the operator's physical effort. The robust frame, finished with acrylic powder coating, guarantees high resistance to mechanical wear and light chemical agents.
