

Breakfast room cabinet h684_134

Professional buffet cabinet in sheet metal and water-repellent laminate (117x75x120 cm) with side extensions and riser for catering services and dynamic breakfasts.

The **breakfast room cabinet h684_134** is a versatile operating module designed for setting up buffets, coffee breaks and show cooking stations in a professional environment. The structure combines the robustness of **RAL 7037 painted sheet metal** (dust grey) with the practicality of **water-repellent laminated wood** panels, ensuring superior resistance in environments where cleaning and contact with moisture are constant. The configuration includes a service riser, a front drawer and two side extensions with support legs, offering an extendable and modular work surface.

Technical features

- **Structure:** High-resistance painted steel sheet, RAL 7037 shade.
- **Paneling:** High-thickness water-repellent laminated wood, available in multiple finishes.
- **Nominal dimensions:** W 117 x D 75 x H 120 cm (extensions excluded).
- **Worktop:** Extendable via 2 side extensions equipped with integrated support legs.
- **Organization:** Rear service riser, front drawer and height-adjustable internal shelf.
- **Mobility:** System on 4 swivel wheels of 75 mm, 2 of which are equipped with parking brakes.
- **Protection:** Rear panel flush with the structure for an aesthetic and functional closure.

Options and customizations:

- Structure finishes in non-standard RAL colors.
- Modular configurations with corner modules, doors, stainless steel tops or cable glands.
- Insertion of central partition walls or specific side modules.
