

Brochure display stand with 4 shelves h738_150

Aluminum floor brochure stand for A4 brochures, height 175 cm. Equipped with 4 pockets with removable dividers and a customizable top header.

The **h738_150 brochure display stand** is a single-sided floor system designed for the rational organization and professional presentation of information material. Characterized by a solid **anodized aluminum** structure, this display is the ideal solution for indoor contexts where order and brand visibility are priorities. The configuration includes high-visibility transparent pockets and a **top header** that acts as a visual attractor, making it perfect for welcoming visitors in corporate or commercial environments.
