

Buffet display h110_179

Circular refrigerated display h110_179 with Ø 40 cm porcelain salad bowl. Black epoxy steel structure, eutectic plate included and stainless steel feet. Dimensions: 39.5 x 39.5 x 15 cm.

The **h110_179 buffet display** is an elegant and functional professional solution, designed for the optimal presentation and preservation of fresh dishes in restaurants and catering services. The structure is made of **black epoxy powder-coated steel**, which guarantees resistance and a modern aesthetic. The passive refrigeration system uses a **eutectic plate** housed internally, on which a large 40 cm diameter **porcelain salad bowl** rests. The design is completed by sturdy stainless steel feet, which lift the base ensuring stability and a touch of refinement to the buffet table.
