

Cabinet with sound-absorbing sliding doors h1033_14

Professional steel archive cabinet 8/10, 120x45x200 cm. Sound-absorbing sliding doors for acoustic comfort and space optimization.

The **h1033_14 metal cabinet** is a professional storage system developed to meet the needs of organization and well-being in contemporary work environments. Designed with a **self-supporting modular structure** in top-quality steel, this module combines structural solidity with a minimal design and clean lines, ideal for executive and operational offices. The distinctive feature of **sliding doors with sound-absorbing properties** allows for reduced acoustic reverberation, improving the quality of the shared environment and optimizing frontal bulk in corridors or confined spaces.
