

Canteen table h283_46

4-seater monoblock table with steel structure, 120x80 cm melamine top and polypropylene seats. Integrated solution for canteens and break areas.

The **monoblock table** is a technical solution designed for setting up collective dining areas, corporate canteens, and school environments. The single-body configuration integrates the worktop and the seats, guaranteeing a **constant order** of the spaces and facilitating the maintenance and sanitation operations of the premises. The structure is sized to withstand prolonged mechanical stress, typical of high-frequency public environments.

Technical characteristics

- Overall dimensions: W170 x D120 x H75 cm
- Top dimensions: 120 x 80 cm
- Top material: White melamine with shockproof PVC protective edge
- Supporting structure: High-resistance electro-welded steel tube frame
- Seats: No. 4 ergonomic polypropylene shells
- Base: Equipped with adjustable PVC feet for micrometric leveling

Optional: Seats available in different colors for harmonization with the visual identity of the surrounding environment.
