

Canteen table h746_57

Professional canteen table in steel and laminate 180x80 cm. Robust tubular structure ideal for high-frequency collective and school environments.

The **canteen table** is a furnishing solution designed to meet the needs for robustness and hygiene in collective contexts such as schools, corporate canteens, and universities. The solid metallic structure in 35 x 35 mm tubular steel, completed by a perimeter connection frame, ensures superior stability even under intensive use conditions. The white matte plastic laminate worktop offers an anti-reflective surface and guarantees resistance to daily wear, facilitated by the protective ABS edging.

Technical characteristics

- **Structure:** 35 x 35 mm tubular steel with connection frame
- **Frame finish:** aluminum-colored powder coating
- **Top surface:** anti-reflective matte plastic laminate
- **Edging:** impact-resistant ABS
- **Dimensions:** W. 180 x D. 80 x h. 75.5 cm
- **Supply status:** disassembled for logistical optimization
- **Note:** chairs not included in the supply
