

## Canteen table h746\_59

Canteen table in steel and water-repellent laminate, 180x80 cm. Reinforced structure with connecting beams and leveling feet. This **canteen and community table** is designed to meet the needs of high-traffic contexts such as offices, universities, and school complexes. The load-bearing structure ensures mechanical stability and resistance to intensive use, offering a functional solution for furnishing break areas and common areas.

## Technical specifications

- **Dimensions:** W. 180 x D. 80 x h. 74 cm
- **Structure:** Rectangular section steel tube 70x20 mm, thickness 15/10
- **Reinforcement:** 2 connecting beams between the legs for greater structural rigidity
- **Frame finish:** Aluminum-colored epoxy powder coating
- **Worktop:** 19 mm thick water-repellent laminate, white color
- **Stability:** Equipped with adjustable leveling feet
- **Configuration:** Supplied disassembled (chairs not included)
