

Canteen table h908_50

6-seater steel canteen table Ø40 mm, dimensions 160x80 cm. Includes integrated rails for chair attachment, ideal for intensive use in school environments.

The 6-seater canteen table **h908_50** has been designed to meet the requirements of robustness and space rationalization typical of collective catering and school environments. The **160 x 80 cm** configuration allows for accommodating six users, ensuring an ergonomic distribution of seats. The distinctive feature of this model is the integration of under-top **support rails**, designed for the quick attachment of chairs and stools: this technical solution facilitates floor cleaning operations and maintains order within the room when not in use.

Structural stability is provided by a **steel tube frame with a 40 mm diameter**, sized to withstand continuous mechanical stress. The surface finishes are designed to resist daily wear and professional detergents, preventing corrosion phenomena and maintaining aesthetic integrity over time.

Technical features

- **Capacity:** 6 seats
- **Top dimensions:** 160 x 80 cm
