

Cargopallet 525 L with wheels h836_27

Food-grade white HDPE pallet box, 525 liters, closed walls and Ø 125 mm wheels. Robust and hygienic for intensive industrial handling.

This **pallet box** represents a versatile and highly resistant solution for storage and handling in industrial environments. Made entirely of white **HDPE (high-density polyethylene)**, the structure is specifically designed to ensure suitability for **food contact**, meeting the hygiene requirements necessary in agrifood and pharmaceutical supply chains.

The **closed walls** configuration ensures secure containment of solid, granular, or liquid products, while the base is equipped with four **Ø 125 mm wheels** welded onto a galvanized iron swivel plate. This integrated handling system allows for fast and fluid movements within production departments, optimizing logistics times even at full load.

Technical features

- **Material:** High-quality HDPE (High-density polyethylene)
- **Certification:** Suitable for food contact
- **Volumetric capacity:** 525 liters
- **External dimensions:** 1160 x 800 x 950 mm
- **Internal dimensions:** 1100 x 730 x 650 mm
- **Structure:** Closed walls and bottom
- **Handling system:** 4 Ø 125 mm wheels on galvanized iron swivel plates
- **Color:** White
