

Cargopallet with stainless steel bars for tipping h836_30

Industrial HDPE cargopallet in grey, 1000x630x650 mm. Rigid structure with closed walls and stainless steel bars for tipping. Suitable for food contact.

This **industrial cargopallet** represents a versatile and robust solution for handling and storage in intensive production contexts. Made of **high-density polyethylene (HDPE)**, the container stands out for its rigid structure designed to resist impacts and deformations, ensuring maximum load stability. The **closed walls** configuration ensures the integrity of the content and prevents material dispersion, while the integration of **stainless steel bars** at the base facilitates the insertion of forklift forks, supporting tipping operations in total safety.

Technical features

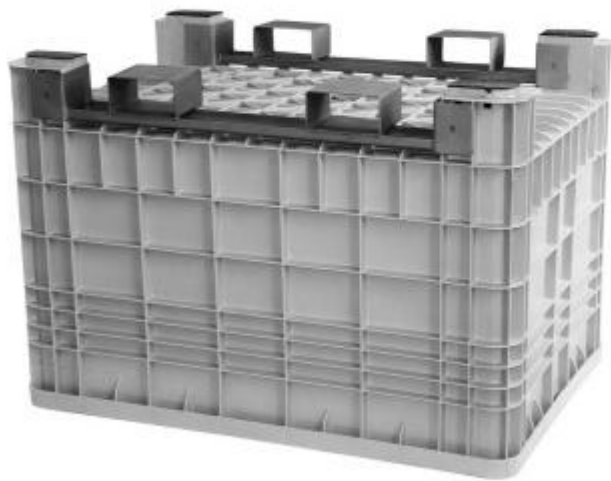

- **External dimensions:** 1000 x 630 x 650 mm
- **Internal dimensions:** 925 x 580 x 520 mm
- **Load capacity:** 280 litres
- **Material:** First-choice HDPE (High-density polyethylene)
- **Structure:** Closed walls and reinforced bottom
- **Included accessories:** Stainless steel bars for tipping operations
- **Colour:** Grey
- **Suitability:** Certified for direct food contact
