

Three-shelf service trolley h11068

Professional stainless steel service trolley with 3 shelves, 120 kg capacity and directional wheels. Ideal for catering, hotels and food service.

The **h11068** service trolley is an indispensable tool for optimizing workflows within restaurants, hotels, canteens and catering services. Entirely made of **stainless steel**, the trolley guarantees high resistance to corrosion and ease of sanitization, which is fundamental for professional environments subject to rigorous hygiene regulations.

The structure is characterized by a **3-shelf** configuration that allows for rational management of vertical space, facilitating the simultaneous transport of tableware, ready meals or containers. Movement is made smooth by four directional wheels, designed to reduce operator effort even under full load.
