

Stainless steel serving trolley h314_59

Professional 18/10 stainless steel serving trolley with 2 shelves measuring 60x50 cm and swivel wheels. Ideal for catering, restaurants, and canteens.

The serving trolley **h314_59** is a technical solution designed for internal logistics optimization in the HoReCa sector and corporate canteens. Made entirely of **18/10 stainless steel**, this tool ensures maximum hygiene and corrosion resistance, meeting the operational needs of catering, restaurants, and farmhouses. The structure is designed to facilitate the transport of food, dishes, and containers between the kitchen and the dining room, reducing handling times and operator effort.

Technical features

- **Material:** High-resistance 18/10 stainless steel
- **Shelves:** 2 levels of 600 x 500 mm with perimeter folding (height 20 mm) for load containment
- **Mobility:** 4 swivel wheels in non-marking grey rubber, diameter 125 mm
- **Protection:** Soft rubber corner bumpers to preserve furniture and walls
- **Total dimensions:** W.710 x D.570 x H.900 mm
- **Load capacity:** Approximately 60 kg (distributed)
- **Operating weight:** Approximately 15 kg
