

Multipurpose trolley with rotating support h12235

Package trolley with 6-wheel rotating support of the “secure step” type. Maximum capacity 120 kg.

Crate trolley for large volumes. For climbing up and down stairs. Equipped with platform and foldable extension. The support does not touch the edge of the step, even with a projecting tread, avoiding chipping of the same. The wheels are solid and turn on ball bearings.

Technical features:

- Cantilever frame
- **6-wheel rotating support of the “secure step” type**
- The support does not touch the step, even with a projecting tread
- Dimensions: 60 x 60/80 x 118H cm
- **Maximum capacity: 120 kg**

*purely indicative image
