

Tray rack trolley capacity 20 GN1/1 trays h2242

Professional stainless steel tray rack for 20 GN 1/1 trays (47x63x181 cm). Slim structure with stainless steel wire rails, 7.5 cm pitch and Ø 12.5 cm industrial wheels with bumpers.

The **single-column tray rack trolley** is a high-density vertical solution, designed to optimize the storage and handling of Gastronorm containers in professional kitchens, laboratories, and canteens. The structure is made of **2x2 cm section stainless steel tube**, offering an excellent balance between lightness and structural stability. The **stainless steel wire rails** not only ensure smooth sliding, but also facilitate cleaning and improve air circulation between levels, making it ideal for cooling preparations. With a capacity of **20 GN 1/1 trays** and a height of 181 cm, this trolley allows for the management of large production volumes while occupying an extremely small footprint.

Technical features

- **Material:** Stainless steel (structure and rails)
- **Frame:** 2x2 cm square section tube
- **Capacity:** 20 Gastronorm GN 1/1 trays
- **Pitch (distance between levels):** 7.5 cm
