

Case trolley 200 kg solid wheels h55_101

Powder-coated steel sack truck, 200 kg capacity, Ø 200 mm solid wheels. Ergonomic electro-welded structure for professional use.

This **sack truck** is designed to facilitate the manual handling of crates, packages and bulky items in professional contexts. The structure is made of **electro-welded steel tubes and plates**, treated with an **epoxy powder paint** finish that guarantees high resistance to oxidation and mechanical wear over time. Ergonomics is managed through the use of **non-toxic rubber handgrips** and a handle designed to minimize effort during lever operations.

Technical features

- **Total dimensions:** W. 440 x D. 515 x h. 1240 mm

- **Empty weight:** approximately 12 kg
- **Loading plate dimensions:** 320 x 250 mm
- **Load capacity:** 200 kg
- **Material:** Welded steel with epoxy powder coating
- **Rolling system:** 2 solid rubber wheels Ø 200 mm
- **Handle:** Ergonomic with non-toxic rubber safety handgrips
- **Supply status:** Delivered fully assembled
- **Compliance:** CE regulations
