

Catering service trolley h464_307

3-shelf stainless steel service trolley, dimensions 71x40.5x82.5 cm. Professional structure with 128 kg load capacity and non-marking braking wheels.

The **h464_307 service trolley** is a professional piece of equipment designed to optimize internal logistics in catering and hotel contexts. Made entirely of **stainless steel**, this support guarantees maximum hygiene and structural resistance suitable for intensive use. The three-level configuration allows for managing heterogeneous loads such as dishes, trays and dining room equipment, facilitating staff work and reducing service times.
