

Cereal dispenser 1 x 3.5 Lt h1021_10

Single 3.5 L cereal dispenser in wood and stainless steel. Dimensions: 17 x 17 x H 69 cm.

The **3.5-liter cereal dispenser H1021_10** is the ideal choice for **breakfast service in luxury hotels, boutique hotels, and exclusive resorts**. Designed and produced entirely in **Italy**, this professional dispenser combines **certified materials, fine finishes, and functionality designed for daily use** in the HoReCa sector.

The structure is made of **water-repellent birch plywood**, with a **non-toxic satin acrylic varnish** and a highly resistant, textured **fire-retardant polyurethane varnish**. The base is completed with elements in **mirror-polished 18/10 stainless steel** that provide elegance and robustness. The **integrated anti-scratch system** between the base and the support surface protects fine surfaces and ensures perfect stability.

The **3.5-liter tube** is made of **food-grade TRITAN**, BPA-free, impact and acid resistant, perfect for containing cereals, muesli, or dried fruit. The **single-block cone** and the **food-grade rubber paddle**, combined with the **ergonomic knob**, guarantee **smooth, controlled, and hygienic dispensing**. The maximum supported bowl height is **9 cm**, perfect for individual portions in buffet service.

The smooth surfaces and compact design make this dispenser particularly suitable for breakfast buffets where space is limited but aesthetic impact is essential.

For an elegant and functional buffet, choose Made in Italy quality. Order the **H1021_10 dispenser** now or request a quote for professional supplies.

FAQ:

1. **Is the product suitable for food contact?**

Yes, all materials are certified for food use, including the TRITAN and the rubbers used.

2. **How much space does it take up on the buffet?**

Thanks to its compact 17 x 17 cm base, it is ideal for buffets with limited space.

3. **Is it easy to clean?**

Yes. It is recommended to wash the components by hand with neutral detergent and clean the structure with a damp cloth.

4. **Is it resistant to impact and intense use?**

Yes, thanks to high-resistance materials and the composite structure designed for professional use.

5. **What color is the dispenser?**

The dispenser is white.

Short buying guide:
