

## Chafing dish for catering h24255

Professional food warmer for GN 1/1 65 mm ideal for keeping dishes warm. Equipped with a sliding lid up to 90° and side handles.

The food warmer is an indispensable item for restaurants, hotel kitchens or catering businesses, to keep dishes warm and be able to serve them as they appear in the pot.

The **chafing dish** is designed for a **GN1/1 basin** 65 mm deep and is also perfect for preparing dishes in advance and presenting them to guests as if they were fresh from the oven.

The product operates **via fuel** (not included) which will be placed in **two specific supports** present in the food warmer.

The food warmer is made of **stainless steel** with a **polished** finish which helps make the product elegant and suitable for display to customers.

The **lid is sliding up to 90°** and **two side handles** make the chafing dish easy to handle.
