

Chafing dish with Roll Top lid h22061

Food warmer with roll top lid suitable for GN 1/1 pans. Chrome-nickel steel material. Dimensions: 620x350x430 mm. Weight: 8Kg

Professional chafing dish suitable for **keeping food and dishes warm**; particularly used in the setting up of buffet lunches or dinners.

The use of the food warmer is particularly recommended for all those catering services where dishes need to be prepared in advance and kept at the correct temperature, according to HACCP standards.

Elegant and refined food warmer made of **nickel chrome steel**, a resistant and durable material.

The professional chafing dish is equipped with a convenient **roll top lid** and practical **plastic handles**. Food heating is carried out by fuel; in fact, the product has two supports for fuel cans.
