

Changing table for nurseries with integrated ladder h979_01

Professional changing table with integrated stairs, white and talc blue structure, dim. 90x75x98 cm. Ideal ergonomics for nurseries and preschools.

The **h979_01 changing table** represents an advanced solution for managing child hygiene in high-frequency settings. Designed specifically for **nurseries, preschools, and pediatric departments**, this piece of furniture responds to the need to combine child safety with the postural health of the operator. The design integrates a **fixed ladder** that promotes the autonomy of older children, eliminating the need for staff to repeatedly lift weights during the working day.

The structure is optimized to ensure maximum stability and offers large open storage volumes, essential for keeping changing kits and clean linen organized and immediately accessible. The color finish in **white and talc blue** was selected to promote a serene and professional environment.

Technical features

- **Total dimensions:** W 900 x D 750 x H 980 mm
- **Accessibility:** Integrated ladder in the structure for assisted access
- **Surface compatibility:** Designed for 700x500 mm mattress (not included)
- **Configuration:** Open shelves for accessory organization
- **Coloring:** White with talc blue details
- **Intended use:** Professional and community environments
