

Changing table for nursery school h681_03

Wooden changing table with ABS edges, lower cabinet and 4 swivel wheels. Dimensions W100 x D74 x H86 cm. Ideal for nursery schools and playrooms.

Changing table specifically designed for early childhood environments such as nursery schools and playrooms. It allows diaper changing operations to be carried out in conditions of maximum comfort and safety, both for the operator and the child. The structure is made entirely of **wood with rounded ABS edges**, a solution that guarantees structural strength and protection from accidental impacts.

The cabinet features a **lower storage unit with two sliding doors**, complete with recessed plastic handles, allowing for quick organization and access to necessary materials during changes. The base is equipped with **4 swivel wheels with a diameter of 100 mm, 2 of which have brakes**, allowing easy movement throughout the facility while maintaining stability when stationary.

Technical characteristics
