

Changing table with adjustable height h743_05

Wall-mounted changing table with CE electric lift, remote-controlled height adjustment, painted steel, 100 kg capacity, ideal for limited spaces.

Wall-mounted changing table equipped with a **CE certified electric lift**, designed for professional environments where operational comfort and efficiency are a priority. The system allows you to **adjust the working height** in a simple and controlled way, significantly reducing the physical effort of those performing changing and hygiene operations. Controlled via **remote control**, the changing table automatically reaches the most comfortable height, adapting to the needs of each operator. The **wall-mounted solution** maximizes available space in environments with limited square footage, maintaining a simple and clean installation.
