

Checkered mat for nursery schools h364_83

Psychomotor checkered mat for nursery schools h364_83 with 25 kg/m³ density polyurethane foam padding and non-toxic, fireproof Class 1 SUPERWASHABLE fabric cover. Dimensions: 145 x 145 x 3 cm.

The **checkered mat for nursery schools h364_83** is a professional-quality soft modular device designed for early childhood motor and recreational activities, developed specifically for **school managers, nursery and kindergarten employers, educational interior designers, psychomotor therapists, and corporate safety managers in the school or recreational sectors**. This furnishing accessory responds to the organizational need to set up spaces dedicated to bodily exploration and play in total comfort, solving the operational problem of **creating a welcoming and safe soft corner both at school and at home, ideal for floor activities, for doing somersaults, playing, and jumping on a protected surface capable of effectively shielding children from accidental bumps or knocks**. From a structural profile, the mat's padding is entirely made of polyurethane foam with a calibrated density of 25 kg/m³, an optimal consistency for cushioning impacts without sinking. The external covering relies on the special SUPERWASHABLE fabric, an excellent technical material approved in Class 1 for fire reaction, phthalate-free, non-toxic, and antibacterial. Despite its characteristic softness pleasant to the touch, the fabric is certified for very high resistance to tears, abrasions, and continuous mechanical stress. With planimetric dimensions of 145x145 cm and a thickness of 3 cm, the furniture is fully compliant with the Minimum Environmental Criteria of the market (CAM Product).

Technical features

- **Product Type:** padded checkered mat for psychomotor and floor activities
- **Code Reference:** h364_83
- **Sectoral Intended Use:** nursery and early childhood (line identification code: 881)
- **Overall Width:** 145 cm
- **Overall Length:** 145 cm
- **Mat Thickness / Height:** 3 cm
- **Internal Padding Material:** high-elasticity polyurethane foam
- **Internal Foam Density:** 25 kg/m³
- **External Covering Material:** special SUPERWASHABLE technical fabric
- **Fire Reaction Class (Fireproof Property):** Class 1 certified fabric
- **Chemical and Toxicological Safety:** formula totally free of phthalates, non-toxic and hypoallergenic
- **Hygienic-Sanitary Properties:** material with native antibacterial treatment
- **Mechanical Resistance of the Covering:** high structural tolerance to accidental tears and foot traffic abrasion
- **Cleaning Methodology:** superwashable and stain-removable with a simple damp cloth; sanitizable with alcohol-based products
- **Suitable Age Groups (Target):** 0-12 months, 12-24 months, 3 years, 4 years, 5-7 years, 7-8 years, 8-10 years, 11-14 years
- **Presence of Food Allergens:** gluten-free (Gluten: No)
- **Public Procurement Compliance:** suitable for CAM criteria (CAM Product: Yes)
