Chemical toilet for disabled people h606_10

Chemical toilet for disabled people. Material: polyethylene (LLDPE). Dimensions: W155 x D155 x H220 cm.

Chemical toilet for disabled people, ideal for allowing people with motor difficulties and wheelchairs to use toilets in every place and on every occasion, such as events, fairs, demonstrations. The peculiarity of this toilet is given by the **width of the door** and the **step-free platform**, which guarantee the **passage of the wheelchair in total safety and comfort**. The interior is also very spacious, allowing the user to move without any obstacles. Furthermore, thanks to the **non-slip floor**, possible falls are avoided and the presence of a **handrail on the walls** makes the seat easy, convenient, and safe. The structure is made of **polyethylene, UV stabilized and 100% recyclable.** Regarding operation, this chemical toilet is equipped with a **wastewater containment tank (151 l)**, complete with a recirculation kit for rinsing the bowl, consisting of: **manual pump, polyethylene bowl, and piping with filter.**

Technical characteristics:

- Dimensions: W155 x D155 x H220 cm
- Door dimensions: W90 x H187 cm
- Internal dimensions: 150 x 150 cm
- Tank capacity: 151 l
