Chick spring rider h35113

Chick-shaped spring rider for playgrounds: Dimensions: W24 x D97 x H92 cm

Chick-shaped spring rider model ideal for playgrounds, courtyards, public gardens. Body entirely made of **100% recyclable PE-HD polyethylene**. Equipped with comfortable **non-slip handles** for hand and foot support, also made of polyethylene. The material used is subjected to treatments that guarantee **UV protection**. The tested and certified spring base is made of 20 mm wire and fixed at the ends via the Spring Disk system. The patented 8 mm thick nylon U-bracket is fixed to the spring-disk ensuring a perfect connection between the spring unit and the rider body. Fixing is carried out by **burial in the ground** and consists of a robust **hot-dip galvanized and anti-corrosive steel frame**.
