

Children's dog spring rider h27106

Dog-shaped outdoor spring rider h27106 made of HDPE polyethylene and galvanized steel. Ideal for public parks and schools, 100% Made in Italy.

The h27106 spring rider is outdoor play equipment designed to stimulate children's balance and motor coordination in total safety. Thanks to the dog-shaped design and vibrant colors, it represents an ideal solution for furnishing playgrounds, school courtyards, and residential play areas. The structure is made with selected materials to resist intensive use and prolonged exposure to atmospheric agents, ensuring maximum non-toxicity and the absence of dangerous components.
