

Children's picnic table and benches with backrest h773_27

Picnic table for children in pressure-treated pine and benches with backrest. Dimensions: W 163 x D 120 x H 55 cm.

The **children's picnic table with backrest for street furniture H773_27** is designed to ensure comfort, safety, and durability in contexts dedicated to childhood. Designed with **dimensions suitable for the youngest**, it is the ideal solution for furnishing **playgrounds, schools, public green areas, and gardens of educational facilities**.

The entire structure is **made of autoclave pressure-treated pine**, a natural material treated to resist humidity, weathering, and wear. The table is flanked by **two integrated benches with backrests**, which offer a comfortable and safe seat, contributing to the postural well-being of children during outdoor recreational or educational activities.

The table top, seats, and backrests are constructed with **3.5x9 cm slats** with 1 cm spaces between each slat, favoring **water runoff** and preventing the accumulation of dirt. The **edges are rounded with a 3 cm radius**, in compliance with safety regulations, to protect children from accidental impacts.

Thanks to its **overall height of 55 cm** and the seat at 30 cm from the ground, this model is perfectly sized for preschool and school-age users. The **benches with inclined backrests** increase comfort and promote correct posture.

Add value to spaces dedicated to children with safe, resistant furniture designed for their well-being. Order the **H773_27 picnic table** now or request a quote for public or school supplies.
