

Children's sandbox 2x2 meters h649_02

Square sandbox in impregnated pine wood, class 4, 200x200x33 cm, for public parks and gardens.

The sandbox is a fundamental element in play spaces dedicated to children. Made of **pine wood with class 4 pressure impregnation**, it guarantees durability and resistance to atmospheric agents, maintaining its structural characteristics over time. Designed for public parks, gardens, and play areas, it allows children to develop creativity and motor coordination in a safe and natural environment.
