Chrome-plated luggage rack for hotel room h164_65

Hotel room luggage rack with chrome-plated finish. Dimensions W. 62 x D. 40 x H. 48 cm.

The **chrome-plated hotel room luggage rack** is a professional accessory designed to raise the standard of comfort in all hospitality facilities. Made with a **solid steel structure**, this support allows guests to organize and prepare their luggage in total comfort, eliminating the need to bend down to the ground and reducing physical effort. The **chrome-plated finish** gives the product a bright and modern look, making it suitable for integration into any type of interior decor. Thanks to its **folding nature**, the luggage rack solves the operational problem of clutter in rooms: when not in use, it can be quickly stored, occupying minimal space and facilitating the logistical management of the room by the staff.
