

Church bench with straight seat 125 cm h1039_07

125 cm church bench in seasoned wood with straight seat (version without kneeler). 32 mm reinforced structure with non-slip rubber pads.

The **church bench with straight seat 125 cm** (model h1039_07) represents a piece of high-resistance artisan cabinetry, designed for the furnishing of places of worship, chapels and liturgical halls. Made specifically for **parishes, religious communities, ecclesiastical institutes and sacred interior designers**, this structure is aimed at those who need functional elements that are durable and stable over time. The system responds to the specific needs of environments that require a configuration **with a seat without a kneeler**, while simultaneously solving the operational problem of **structural wood movements and mechanical flexions** due to intensive and prolonged use, thanks to an accurate process of seasoning, drying and steaming of the raw material. The bench, characterized by a straight seat and configured with a standard footprint designed to optimize the passage space between the rows, is assembled using finger joints and special glues that guarantee a solid single body without sagging.

Technical features

- **Overall length:** 125 cm
- **Basic configuration:** complete with straight seat (without kneeler)
- **Material quality:** first choice and quality wood, seasoned, dried and steamed to avoid movement and deformation
- **Finished wood thickness:** 32 mm, uniformed by calibrating machine sanding
- **Joining technique:** finger jointing of the boards and gluing with special high-strength glues
- **Assembly technique:** structural fixing performed with hardwood dowels
- **Structural reinforcement systems:** reinforcement crossbeams positioned under the seat to avoid flexing of the seat
- **Available aesthetic finishes:** available in different wood finishes
- **Floor protection:** non-slip rubber pads included at the base of the sides
- **Overall dimensions:** standard, developed beyond the space necessary for the passage between one bench and another

Optionals available on request (subject to quotation)

- Small bookrest shelf applicable to the back of the backrest
- Customized commemorative plaques made of brass
- Fixed padding on seats and/or backrest covered in cordura or skai (faux leather)
- Fixed or liftable padding on kneelers covered in cordura or skai (faux leather)
- Metal bag hooks applicable to the structure
