

Church pew 200 cm h1039_03

200 cm church pew in seasoned wood with straight seat and kneeler. 32 mm reinforced structure with non-slip rubber pads.

The **200 cm church pew with seat and kneeler** (model h1039_03) represents a high-resistance piece of artisanal cabinetry, designed for the furnishing of places of worship, basilicas, and large liturgical halls. Specifically made for **parishes, religious communities, ecclesiastical institutes, and sacred interior designers**, this piece of furniture is aimed at those who require structures that are durable and stable over time. The system solves the operational problem of **structural wood movements and mechanical deflections** due to intensive and prolonged use, particularly critical on significant lengths such as two meters, thanks to an accurate seasoning, drying, and evaporation process of the raw material. The pew, characterized by a straight seat and configured with a standard footprint designed to optimize the passage space between rows, is assembled using finger joints and special glues that guarantee a solid single body without sagging.

Technical features

- **Overall length:** 200 cm
- **Basic configuration:** complete with straight seat and kneeler
- **Material quality:** premium quality wood, seasoned, dried, and evaporated to prevent movement and deformation
- **Finished wood thickness:** 32 mm, uniform through calibrating machine sanding
- **Joining technique:** finger jointing of the boards and bonding with high-strength special glues
- **Assembly technique:** structural fixing performed with hardwood dowels
- **Structural reinforcement systems:** reinforcement crossbars positioned under the seat to avoid seat deflection
- **Lower stiffening systems:** side support under the kneeler to counteract mechanical deflection
- **Available aesthetic finishes:** available in different wood finishes
- **Floor protection:** non-slip rubber pads included at the base of the sides
- **Overall dimensions:** standard, developed beyond the space required for passage between rows

Optional accessories available on request (subject to quote)

- Bookrest shelf applicable to the back of the backrest
- Anatomical or semi-anatomical seat for greater postural comfort
- Customized commemorative brass plates
- Fixed padding on seats and/or backrest covered in cordura or skai (imitation leather)
- Fixed or liftable padding on kneelers covered in cordura or skai (imitation leather)
- Metal bag hooks applicable to the structure
