

Church pew straight seat without kneeler 150 cm h1039_08

150 cm church pew in seasoned wood with straight seat (version without kneeler). 32 mm reinforced structure with anti-slip rubber pads.

The **150 cm church pew with straight seat without kneeler** (model h1039_08) represents a piece of high-resistance handcrafted joinery, designed for the furnishing of places of worship, chapels, and liturgical halls. Specifically created for **parishes, religious communities, ecclesiastical institutes, and sacred interior designers**, this piece of furniture is aimed at those who require structures that are durable and stable over time. The system responds to the specific needs of environments that require a **configuration with a seat without a kneeler**, while simultaneously solving the operational problem of **structural wood movements and mechanical bending** due to intensive and prolonged use, thanks to an accurate process of seasoning, drying, and steaming of the raw material. The pew, characterized by a straight seat and configured with a standard footprint designed to optimize the passage space between rows, is assembled using finger joints and special glues that guarantee a solid, single body without sagging.

Technical features

- **Overall length:** 150 cm
- **Basic configuration:** complete with straight seat (without kneeler)
- **Material quality:** first-choice quality wood, seasoned, dried, and steamed to prevent movement and deformation
- **Finished wood thickness:** 32 mm, uniformed through calibrating machine sanding
- **Joining technique:** finger-jointing of the boards and gluing with high-strength special glues
- **Assembly technique:** structural fixing performed with hardwood dowels
- **Structural reinforcement systems:** reinforcement crossbars positioned under the seat to avoid bending of the seat
- **Available aesthetic finishes:** available in different wood finishes
- **Floor protection:** anti-slip rubber pads included at the base of the sides
- **Overall dimensions:** standard, developed beyond the space necessary for passage between pews

Optionals available on request (subject to quotation)

- Small bookrest shelf applicable to the back of the backrest
- Customized commemorative plaques made of brass
- Fixed padding on seats and/or backrest covered in cordura or skai (faux leather)
- Fixed or liftable padding on kneelers covered in cordura or skai (faux leather)
- Metallic bag hooks applicable to the structure
