

Cigarette display rack with 4 columns h339_84

Wall-mounted display in clear plexiglass for packs of 20 cigarettes. 4-column structure with total capacity of 20 packs.

The **h339_84 cigarette display rack** is a professional wall-mounted solution made of **clear plexiglass**, specifically designed for organizing packs of 20 cigarettes. Thanks to its **4-column** configuration, this support solves the problem of visual and physical clutter in points of sale, offering a functional and easy-to-place system in tobacconists and bars. The structure is designed to hold a total of 20 packs, maintaining a crystal-clear transparency that facilitates immediate brand identification by both the retailer and the customer. With a thickness of 3 mm, the display ensures the necessary solidity for daily use in a commercial environment.
