

Circular table for nursery school h848_35

Circular table h848_35 (Ø120x53h cm) in 25 mm thick melamine and Ø 40 mm tubular for nursery school. Colors customizable on request.

The **Circular table for nursery school h848_35** is a piece of educational furniture developed for setting up classrooms, laboratories, and recreational spaces dedicated to early childhood. This product responds to the operational need for a safe, stable collective work surface commensurate with the height of small users, reducing the risks of accidental impact thanks to the top finishing with rounded edges. Aimed at nursery schools, kindergartens, playrooms, childhood centers, and school facility managers, the table has a diameter of 120 cm with a height from the ground of 53 cm (Ø120x53 h cm) and a net weight of 30.50 kg. The structure consists of a 25 mm thick melamine top supported by a solid tubular frame with a diameter of 40 mm. Upon request, the item is available in different colors to integrate with school furnishings.
