

Multi-purpose trolley for professional cleaning h17902

Cleaning trolley ideal for high-traffic environments such as hospitals, schools, shopping centers, nurseries, airports, etc. where it is necessary to always have everything at hand

Highly professional trolley for high-traffic areas. Perfect for being placed in **high-traffic environments** such as hospitals, schools, nurseries, airports, shopping centers, etc, where it is essential to have all equipment and all chemical products organized and protected from potential theft.

The trolley is equipped with **central doors**, positioned on both sides of the trolley with a key lock, and inside them there are large storage boxes suitable for safely holding all the equipment to be protected.

The **bag support** is also protected by two ABS corner doors with snap-open hinges and the possibility of closing them with a padlock. These doors, in addition to protecting waste, allow the bag to be removed with extreme ease at the end of the work.

The **pull-out hideaway desk** also serves as a convenient support surface when needed, supporting several kg in weight.

Equipment:

- 1 Central polypropylene base
- 4 Fiberglass wheels Ø 125, 2 of which with brakes
