

Cleaning trolley h422_93

Professional polypropylene cleaning trolley for healthcare and office cleaning, with two 25L buckets, plate wringer, and GPP compliance.

The **h422_93** cleaning trolley is a mobile unit designed to ensure high hygiene standards in professional and healthcare environments. Made of **polypropylene copolymer**, it combines structural lightness and impact resistance, offering an ergonomic solution for floor washing management on medium and large surfaces. The dual-bucket configuration allows effective separation between the detergent solution and the rinse water, optimizing intervention times and sanitization quality.

Technical features

- **Material:** High-resistance polypropylene copolymer.
- **Capacity:** Two 25-liter buckets system.
- **Wringing system:** Plate wringer for uniform pressure.
- **Frame:** Stackable structure to optimize storage.
- **Dimensions:** W. 53 x D. 73 x H. 87 cm.
- **Safety:** Latex-free product.
- **Sustainability:** Compliant with Minimum Environmental Criteria (GPP).
- **Included accessories:** Storage tray, broom holder kit, and ergonomic handle.
