

Clinical treatment chair with scale h634_62

Weighing chair for hemodialysis with completely removable cushions. Maximum capacity: 200 kg.

The **clinical treatment scale chair** is an innovative product ideal for hospital facilities and private clinics. The product is characterized by the **integrated digital weighing system** with weight reading via an LCD digital indicator with a 180° viewing angle, easily visible beyond 20 m. The product features a **frame painted with thermosetting epoxy powders with antibacterial treatment** and simultaneous movement of the backrest and leg sections via 1 motor. The chair is also characterized by: three separate cushions (backrest, seat, and legs), upholstery that is completely removable for high sanitation, armrest movement synchronized with the backrest, a braking system useful for ensuring device stability, and an exclusive multi-adjustment armrest. **A perimeter push-button panel equipped with a 3.5 m coiled cable allows management of all movements.** The 4 durable, antistatic, stainless, swivelling Ø 100mm wheels ensure safe transport, while the simultaneous rear wheel brake in galvanized steel ensures stability.

Technical features:

- Steel frame painted with thermosetting powders
- Anti-tip frame
- Headrest synchronized with the backrest
- Surface divided into 4 sections: headrest, backrest, seat, and legs
- Armrests synchronized with the backrest movement
- 10° Trendelenburg position
- 4 durable, antistatic, stainless, swivelling Ø 100 mm wheels
- Simultaneous rear wheel brake in galvanized steel
- Perimeter push-button panel equipped with a 3.5 m coiled cable
- Bilateral push-button panel support
- ABS cover for the base
- ABS cover for the seat
- Easily removable soft foam cushions
- Fire-retardant eco-leather upholstery UNI 9175/87 and 9175FA-1/94 class 1IM - Equipment code AC87/1
- Integrated weighing system
- External long-autonomy emergency battery
- LCD screen
- Anti-blackout function to maintain weight data in the absence of power supply
- Digital multifunction scale display, installed on the back of the backrest
- Maximum capacity 200 kg
- Available in various colors
