

Coat rack for nursery school h908_45

Mobile A-frame coat rack for nursery schools in metal and melamine. 16 double-sided spaces, W.134xD.50xH.150 cm, structure on wheels.

The **h908_45 A-frame coat rack** represents an advanced technical solution for organizing spaces in educational environments. Designed to meet the needs of **nursery schools and kindergartens**, this module allows for orderly management of clothing thanks to its double-sided configuration. The structure integrates the solidity of metal with the practicality of melamine, offering a stable and durable support for intensive daily use.

Technical characteristics

- **Dimensions:** W.134 x D.50 x H.150 cm
- **Load capacity:** 16 total spaces arranged in an 8+8 configuration
- **Frame materials:** High-resistance metal supporting frame
- **Horizontal components:** Scratch-resistant and easily washable melamine base board
