

Coat rack for nursery schools h172_192

Nursery school coat rack with colorful design, 10 hooks and 20 shoe compartments, wood conglomerate structure with rounded ABS edges, 200x40x46 cm.

Coat rack specifically designed for early childhood educational environments such as nursery schools, kindergartens, and playrooms. It combines organizational functionality with a vibrant and colorful aesthetic, creating a welcoming and safe space where children can independently manage their clothes and shoes.

The structure is made of **high-quality wood conglomerate**, ensuring solidity and durability over time. All **edges are rounded and covered in ABS**, eliminating dangerous sharp corners and protecting children from any accidental bumps during daily use.
