

Retractable belt barrier post h16208

Aluminum profiled belt barrier post with cast iron base. 3.7 m belt available in a wide range of colors

Retractable Belt Post made of profiled aluminum ideal for delimiting waiting areas and restricted zones.

The tube is made of **continuous aluminum**, without notches to ensure superior strength and reliability. The belt retractor mechanism is equipped with a slow-retraction self-winding system thanks to the integrated brake. The **safety terminal hook** of the belt consists of unbreakable plastic material. With the belt retractor mechanism housed inside the post, the belt is protected from dirt, dust, and wear

The **post is 4-way**: one belt in extraction and three connection ports. **Up to 3 belts can thus be added to the same post.**

The **mobile post** is flexible and easy to install; it includes a rubberized cast iron base to protect the floor from scratches and any damage. Assembly is simplified thanks to the presence of a lever (no tools required).

Technical features:

- Belt length: **3.70 m**
- Belt width: **5 cm**
- Total weight: approx. 13 kg
- Base weight: approx. 9 kg

- Belt colors: blue, navy blue, dark blue, green, olive, brown, orange, red, burgundy, neon yellow, grey, black, red and white diagonal stripes, black and yellow diagonal stripes
- Post finish: polished chrome, satin, black, blue, red, white, anthracite
