

## Colored children's furniture h172\_254

Wagon-shaped school cupboard in 18 mm thick wood (120x40x100 cm), with lockable doors for stimulating educational environments.

The school cupboard **H172\_254** has been designed to integrate functionality and playfulness into environments dedicated to childhood and primary schools. Made with a structure in **18 mm wooden material**, this piece of furniture meets the need for robust furnishings capable of withstanding the mechanical stresses typical of intensive use in collective contexts. The "wagon" configuration transforms a simple storage unit into a stimulating furnishing element, while the height of **100 cm** is calibrated to allow children to interact with the space independently and safely, encouraging classroom tidying and management processes.

## Technical features

- **Structure:** 18 mm thick high-density wood panels for long-lasting durability.
- **Design:** Figurative railway wagon shape with bright color finishes.
- **Locking systems:** Hinged doors equipped with key locks for protected storage.
- **Dimensions:** 120 cm (width) x 40 cm (depth) x 100 cm (height).
- **Accessibility:** Ergonomics designed for direct use by school and preschool age children.
- **Intended use:** Indoor environments, kindergartens, primary schools and playrooms.
