

Colorful ball pit for children h364_91

Soft modular pool (200x200x65h cm) in expanded polyurethane. Super-washable fireproof class 1 coating. Anti-shock velcro fastening.

The **h364_91 colorful ball pit for children** is a large modular play structure in expanded polyurethane designed for the setting up of nurseries, playrooms, and recreational spaces dedicated to early childhood. This soft pit solves the problem of structural safety during play and complex daily hygiene maintenance, thanks to the use of an innovative coating in super-washable and water-repellent technical fabric capable of repelling the most critical stains. Aimed at educators, facility managers, and directors of childcare institutions, the play area offers quick and intuitive assembly via resistant velcro strips, which firmly join the thick perimeter walls to the floor sheet. Strictly class 1 fireproof, non-toxic, and antibacterial, it guarantees a protected and compliant environment for the psychomotor development of little ones, designed to be implemented over time with accessory modules.

Technical features

- **Type:** Modular soft pool for balls
- **Overall external dimensions (W x D x H):** 200 x 200 x 65 cm
- **Internal volume dimensions (W x D x H):** 170 x 170 x 60 cm
- **Wall thickness:** 15 cm
- **Supply composition:** 4 walls and 1 floor sheet in bright colors
- **Anchoring system:** Stable mechanical fastening via velcro strips
- **Structural padding:** High-density expanded polyurethane
- **Coating material:** SUPER-WASHABLE fabric, water-repellent, soft to the touch, and resistant to tears and abrasions
- **Safety certifications:** Class 1 fireproof, phthalate-free, non-toxic, and antibacterial
- **Ordinary maintenance:** Cleanable with a damp cloth (effective against grease, markers, and tempera)
- **Deep sanitization:** Surface totally sanitizable with alcohol-based products

Compatible elements (not included)

- **Filling balls:** Approximately 3000 balls are needed to adequately fill the pit (not included in the supply)
- **Structural expansions:** Possibility to connect additional external modules such as access stairs (not included)
