

Colorful ball pit for girls h999_53

Folding ball pit (200x200x40 cm) in high-density foam and PVC. Safe, hygienic and space-saving. Ideal for nurseries and schools.

The **colorful ball pit for girls h999_53** is a safe and large-scale play-motor solution, specifically designed for schools, nurseries, and recreation centers. Designed to facilitate the work of educators and childcare workers, it solves the problem of space management within multi-purpose classrooms thanks to its easily foldable structure, which allows it to be stored with minimum bulk at the end of educational activities. Made of high-density foam and covered in PVC-coated polyester, it guarantees the highest safety and hygiene standards, offering a protected environment with bright colors for the psychomotor development of children in total tranquility.
