

Compact indoor waste sorting bin h953_08

Compact bin with a minimal design, with the possibility of floor standing or placement on a 35 mm surface. Capacity: 8 lt. Dimensions: 18.8 x 18.8 x h 30 cm.

The **h953_08 waste sorting bin** is an elegant and versatile solution for indoor spaces such as offices, receptions, and domestic environments. Its **modern and minimal design** makes it ideal for environments that require functionality and style. Thanks to its **compact structure** and the possibility of **floor standing** or **placement on a 35 mm thick surface**, it is extremely practical and adaptable.

Made of **1.2 mm sheet iron**, it guarantees strength and durability over time. The **front opening with protective rubber** prevents scratches on the support surface, protecting furniture and worktops. The base is equipped with **scratch-resistant rubber pads**, offering stability and protection to the surface on which it is placed. The solid construction joined by **welding** ensures robustness and reliability.

The materials used are **easily separable for recycling**, making this bin a sustainable choice. With a **capacity of 8 liters** and dimensions of **18.8 x 18.8 x h 30 cm**, it is perfect for collecting small sorted waste without taking up too much space. The **UNE-EN 13501-1 certified fire resistance** offers additional safety, making it suitable for professional and domestic contexts.

It is available in various colors to suit different environments and comes with **1 pictogram included**, to be specified during the ordering phase by choosing from those available in the attached image. The pictogram consists exclusively of the waste icon, without text.

Choose the **h953_08 bin** for a compact, elegant, and functional solution for your waste sorting! **Order now** and add practicality and style to your environments.

Technical specifications:

- **Dimensions:** 18.8 x 18.8 x h 30 cm
- **Capacity:** 8 lt
- **Material:** 1.2 mm sheet iron
- **Weight:** 4 kg
