

Compact two-compartment bin with flaps and pedals h719_13

Waste sorting bin with two containers and flaps with pedals. Capacity: 1 x 30 lt; 1 x 60 lt. Color: light grey RAL 7035.

Compact waste sorting container in **high-quality powder-coated galvanized steel sheet**. **Two compartments** containing **two inner containers** with **capacity 1 x 30 lt and 1 x 60 lt**, intended for quick and optimal collection of two different types of waste. The container is **fire-resistant** and features **two top flaps** with **pedal opening** in **anthracite grey RAL 7016** and **gentian blue RAL 5010** colors, which guarantee correct material differentiation. The **structure**, however, is **light grey RAL 7035**, easily matching any indoor area and environment. Removal of thrown-out material is simple and immediate: just open the **hinged door with square key lock** (the **key is included**) and, using convenient **handles**, open the inner containers by then lifting the waste bag.

Technical features:

- Material: galvanized steel sheet with powder coating
- Dimensions: H 920 x W 580 x D 380 mm
- First container capacity: 1 x 30 lt
- Second container capacity: 1 x 60 lt
- No. compartments: 2
- No. inner containers: 2
- 1 inset hinged door
- Structure color: light grey RAL 7035
- Flap colors: anthracite grey RAL 7016; gentian blue RAL 5010
- Flap closure with pedals
- Key lock with key supplied as standard
- Adjustable front feet
- Fire-resistant and sturdy structure

* Upon request, it is possible to add an accessory wheel set in fiberglass-reinforced polyamide, including 4 double wheels, 2 of

which are lockable. If the container is to be used on a mobile base, it is recommended to remove the adjustable feet and replace them with the wheel set.
