

Compact wall-mounted changing table h743_15

Compact wall-mounted changing table in metal and HPL (77x57 cm), 50 kg capacity, customizable wood-effect design for public and professional spaces.

This **wall-mounted changing table** represents a professional space-saving solution, designed to combine operational practicality and resistance in high-frequency use contexts. The structure is made of high-quality materials that guarantee a wide and safe changing surface, despite the reduced footprint once closed. The elegant design, characterized by a **wood-effect finish** and a central band customizable in different colors, allows for perfect aesthetic integration with different styles of interior decor.
