

Computer classroom desk height 76 cm h908_215

Two-seater desk for computer classrooms in Ø40 mm steel, dimensions 200x80 cm. C-frame and ivory top, ideal for secondary schools and laboratories.

The **H908_215 desk** is a professional two-seater table designed for setting up computer classrooms, technology laboratories, and training centers. The **"C" structure in Ø40 mm steel tube** ensures high mechanical stability, making the furniture suitable for intensive and daily use in educational contexts. The 200 x 80 cm worktop provides the necessary surface to accommodate two complete workstations, allowing the simultaneous use of computer hardware and paper material without space limitations.
