

Computer lab desk equipment-ready height 71 cm h908_211

Single-seater computer lab desk, C-shaped steel structure Ø40 mm, 180x80 cm top. Large work surface for professional PC workstations.

The **H908_211 desk** is a technical single-seater table developed specifically for setting up **computer labs**, school laboratories, and multimedia teaching environments. Thanks to the **“C” shaped structure in Ø40 mm steel tube**, the product guarantees high mechanical stability combined with optimal legroom, facilitating access to the workstation.

The **180 x 80 cm** work surface meets the need for large operational areas, capable of accommodating large monitors, keyboards, mice, and paper supports simultaneously. The height of **71 cm** identifies the desk as **size 5**, a compliant parameter for use by secondary school students and adult users.
