

Computer lab desk height 82 cm h908_213

Single-seater computer lab desk in Ø40 mm steel, 180x80x82 cm. Sturdy C-frame structure, ideal for PC workstations and school laboratories.

The **H908_213 desk** is a single-seater table specifically developed for the professional setup of **computer rooms**, multimedia labs, and advanced educational environments. Thanks to the **“C” structure in Ø40 mm steel tube**, the desk guarantees high mechanical stability and superior resistance to the typical stresses of school environments, maintaining a linear design that promotes order and cleanliness in the rooms.

The **180 x 80 cm** work surface meets the need for large operational spaces to accommodate monitors, keyboards, computer hardware, and paper materials simultaneously. With a height of **82 cm**, the table is classified as **size 7**, making it ideal for use by upper secondary school students and adult users, ensuring an ergonomic approach to the workstation.
